GREEK BEACHES *are wonderful and you can be sure while staying in Zlatograd.*

The nearest beach is the one near Mirodato(86 km.) and Avdira. You can sit at a beachfront restaurant where you can use an umbrella and lounge, at least you have to order coffee or frappe or juice - the price is € 2.5. If you wear an umbrella and a cold bag, use the free zone - it is infinite. The sea is shallow and suitable for children. Fishing is allowed in the free zone. You can rent transport from Zlatograd.

Mirodato (GR)

GREEK BEACHES

are wonderful and you can be sure while staying in Zlatograd.

Keramoti (105 km.) is located on a small peninsula with a length of two kilometers and a width at its eastern end of about 500-600 meters.

Keramoti is a nice and peaceful place where you can hear Bulgarian speech everywhere. It has nothing to do with our resorts, the beach is wide and there is no construction. You can use a free area with its own umbrella or use the sun loungers and the shade of the beach bars. The town is small but it is resort and there are many hotels, taverns and restaurants. Keramoti has a fishing boat pier and a ferry port for Thassos island, which is visible and is about 12 km away.

The shortest route if you are in Zlatograd border checkpoint. is via Zlatograd.
